

Chapter 4

Talking to the Difficult Anesthesiologist

“I would not trust that doctor to take care of my DNR goldfish. Even if I really thought that Mr. Wiggles had lived a good life and it was truly his time.”

Laparoscopic Single Port Hysterectomy

Fuck it. They never listen. If they won't do spinal-general, cancel the case and make sure next time you've got it set up with someone who will do it. Apologize profusely to the patient.
